

Learning at Church

Lots of things at Church are there to remind us of lessons about God and Jesus. Here are a few you can look for in worship or through the year.

Communion

Reminds us that Jesus is with us and makes us one body.

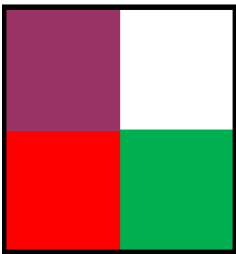

Can you draw what this looks like in our Church?

Baptism

God made us and loves us, and gives us a community to care for us.

Can you draw a Baptism you have seen?

Colors on Altar

Remind us how the Church tells time and that God is with us through changes.

When do you remember seeing each color?

Candles

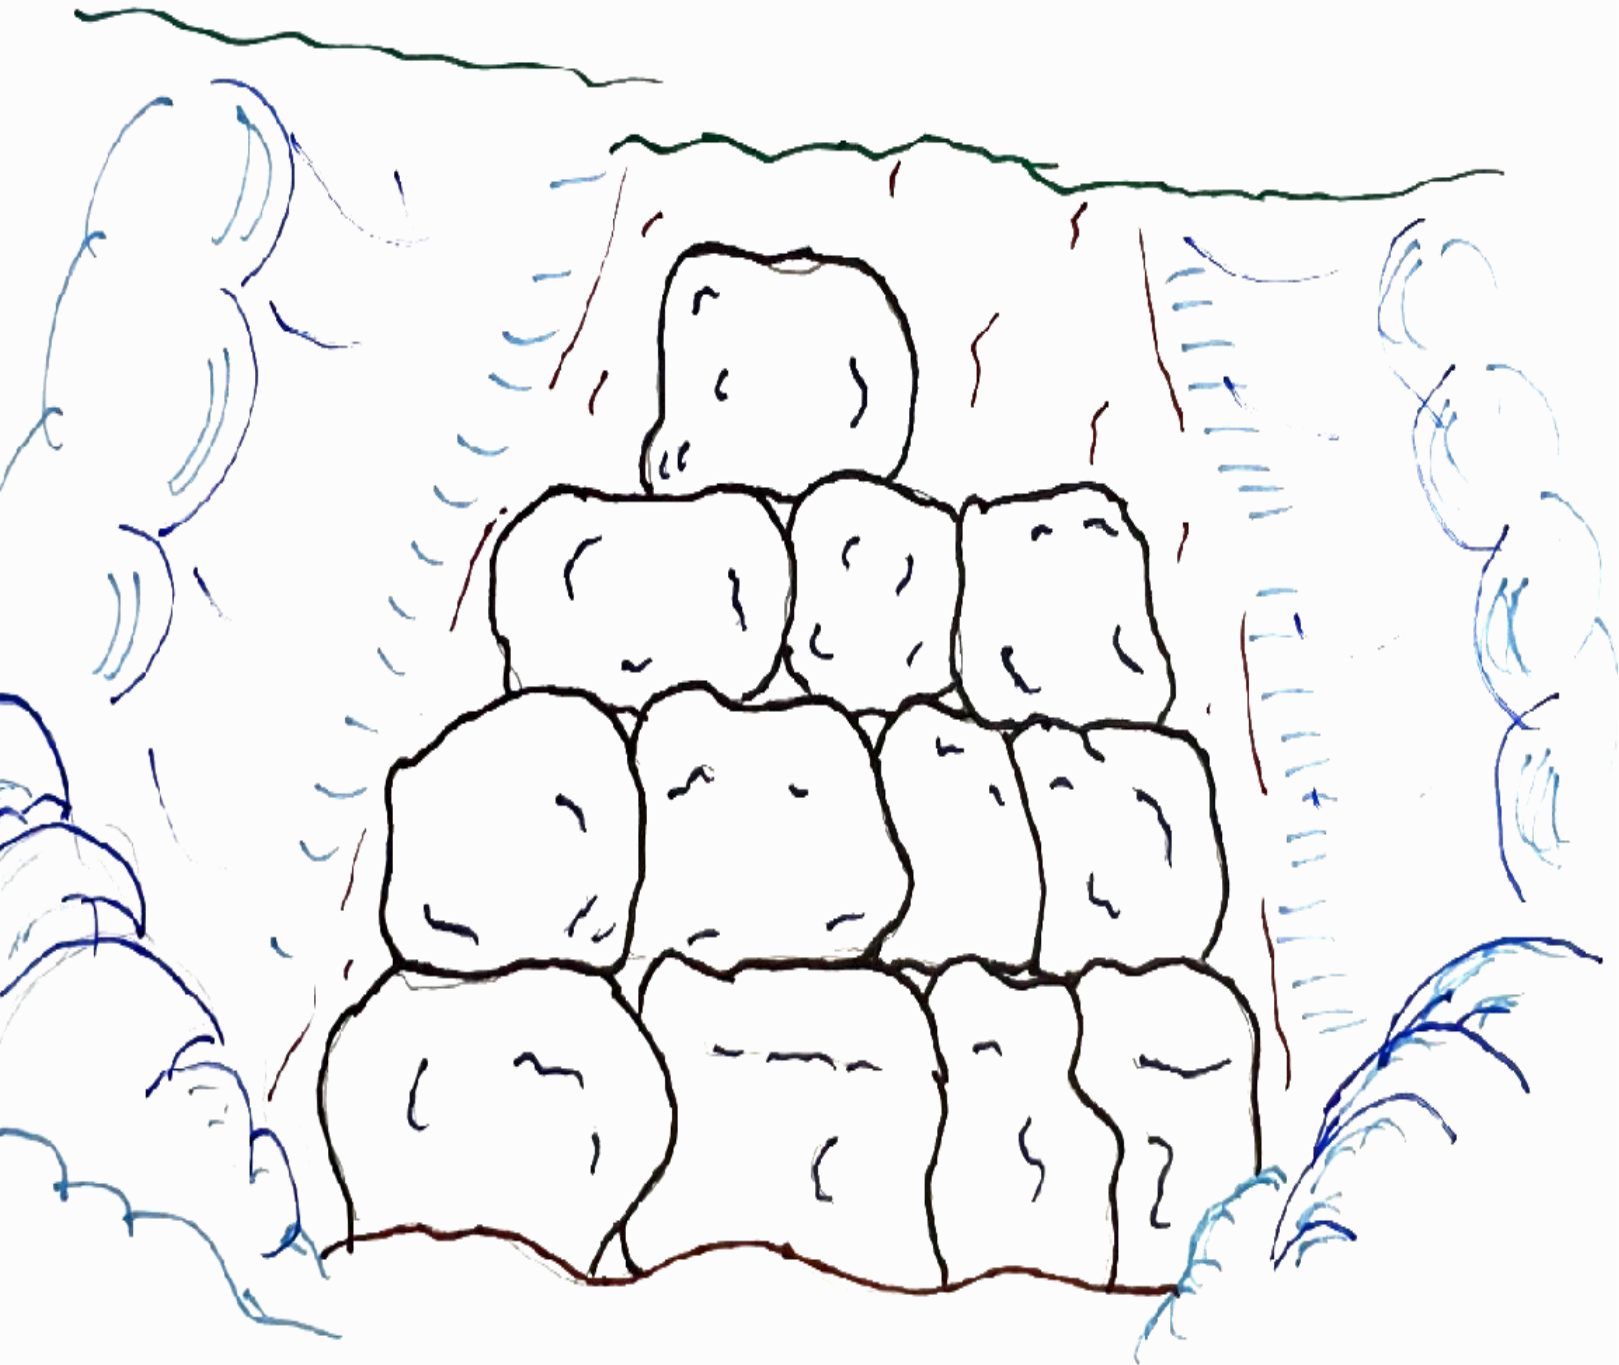

Remind us that Jesus is the light of the world and called us to shine for him too.

How do candles make you feel?

What is your favorite time of the year to be in a Church?

Symbols of God's Presence

Each week in worship, we place peace cranes and stones as symbols of our prayers and God's presence with us. In the book of Joshua we can read about people placing stones to help them remember all the ways God helps them. Can you write something that reminds you of God on each stone below?

On each rock, write or draw something that reminds you of God.

Who do you remember telling you a story about Jesus?
